WELCOME

We would like to thank you for choosing Riverside Dental.

We are dedicated to excellence in dental care and preventative dentistry and we believe in providing the highest standard of care using state of the art equipment and materials in a modern and luxurious setting when providing our dental plan services.

The dental plan is easy to set up and no pre-assessment is necessary. Your dentist will decide how often he wants to see you and how much he will charge you.

You will have to pay for any restorative dental treatment necessary (ie. crowns, bridges or fillings) but you receive a discount on some treatments.

Please note, we must have received the first direct debit payment before any discount is applied to your estimate.

- Ongoing preventive care can help keep your child orally fit
- Your child will benefit from regular dental care
- More time spent with the dentist and other practice professionals can improve the whole experience of visiting the dentist for your child
- Helps your child feel less nervous about seeing the dentist in the future
